

# CANDIDATE FOR PRESIDENT OF INCLUSIVITY & DIVERSITY: Mateusz Drozd

**New Support System, new HUU app, more accessibility & celebrated diversity. Easy. Let's do it!**

Vote Mateusz Drozd #1 for a new, improved, and streamlined Support System, brand new functional and useful HUU app, safe accessible campus, and celebration of diversity.

## SUPPORT SYSTEM

- Create a new branch designed to help you: The Support System.
- Integrate already available services into a flexible and cooperative body. Designed with simplicity in mind.
- One place for any issue, be it mental health, financial problems, assault or abuse.
- Lobby the University for an "in house" trained counselling expert to help with urgent cases.

## THE HUU APP

- This year, I have worked with Isobel Hall on a brand new HUU app which has received positive feedback from the Union Board.
- The Support System as an integral part of the app for an ease of access, especially for students not keen on a personal contact or with communication difficulties. One space where you will always find help.
- Other functionalities: Booking rooms and appointments, buying tickets and memberships, platform for Societies, Part Time Officers and Student Media.

## DIGNITY & EQUALITY

- Support the LGBTQ+ community to be active, visible and welcoming.
- Work with Education Zone on inequality faced by BAME students.
- Give attention to all issues, such as wheelchair accessibility or new motions including access to sharps bins for diabetic students.

As your President, I will be honoured to fight for your rights to feel safe, included and seen in every aspect of your University journey.
