

President of Inclusivity & Diversity  
candidate:

# Abigail Morris

Vote Abi Morris #1 for President of  
Inclusivity and Diversity for a S.A.F.E  
University experience

## Manifesto

Being a welfare officer for one of the largest societies on campus means that I have a good knowledge of the services that the University has to offer, and also what needs improving. I'm a confident person who likes to be heard and is passionate about promoting and expanding the Inclusivity and Diversity zone with all the amazing things it has to offer.

### SEXUAL HEALTH

- Placing STI testing kits in more discrete places to remove the fear of being judged for being tested
- Safe sex packs with condoms in male, female and unisex toilets to promote sexual health as everyone's responsibility
- Emergency sanitary products in better places so women feel comfortable accessing them

### ASSAULT

- Lobbying for change to the current procedure for reporting sexual assault to the University
- Implementing anonymous reporting where possible to remove any fears that prevent people from reporting assault

### FAIRNESS

- Mandatory training for committee welfare officers which is also open to all members of the student body
- More inclusive signposting of available welfare services
- Open door office policy; The chance to have a chat at least one day a week
- Looking to tackle period poverty by lobbying for the university to contribute towards the tax on sanitary products in the union

### EQUALITY

- Tackling period poverty by lobbying for the university to contribute towards the tax on sanitary products in the union
- Mandatory training for committee welfare officers - also open to all members of the

student body so not being in a society does not compromise the access to welfare services
